Introduction

The Ministry of Education and Technical Education recognizes the importance of empowering teachers with effective tools that elevate classroom performance, enhance the quality of education, and improve its outcomes. This is a real response to the voices of teachers, interacting with the feedback channels from the educational field, and meeting the needs of teachers for flexible and comprehensive educational tools that assist them in fulfilling their noble educational mission.

This book has been designed to serve as an integrated educational support for teachers, helping them in planning and executing their teaching tasks efficiently. It also facilitates continuous assessment processes. The content has been designed to offer diverse models of effective classroom performance and educational activities created based on an interactive methodology that enhances active learning. It contributes to a qualitative shift in teaching practices, clearly focusing on the student as the core of the educational process.

The book includes formative and diagnostic questions, as well as purposeful learning tasks that students can complete as homework, enhancing the integration of learning inside and outside the classroom and contributing to the sustainable construction of learning for students. These tools help develop critical and creative thinking, deepen understanding, and support and enhance student motivation, giving them a sense of achievement and excellence.

It also includes short weekly tests and periodic assessments, allowing teachers to measure the extent of learning outcomes and address learning gaps early, providing feedback on the initial results. The performances at the end of each month are concluded with immediate training sessions that help improve student performance. These assessments are gradual, taking into account individual differences and targeting various levels of cognitive development, within a framework of diversity, depth, and integration, preparing students for monthly tests efficiently.

This book is a true translation of the Ministry's directions to ease the burdens on parents, provide supporting educational content that enriches the classroom environment, and allow teachers more time for educational innovation and productive interaction with their students. It also forms an effective tool in supporting the Ministry's direction to enhance learning outcomes, achieving a real transformation in the learning environment-from memorization to understanding, from rote learning to application, and from passive reception to active participation.

When we place this work in the hands of teachers and students, we hope it will be a valuable contribution to improving academic performance, enhancing the quality of education, and becoming an additional cornerstone in building a generation that is aware and knowledgeable, equipped with the skills and competencies needed for success in a world that demands creativity and innovation. It aims to have a tangible impact in realizing an ambitious educational vision for the future of education in our beloved country.

Allah is the one sought for help, and He guides to the right path…

Lesson 1 Amazing places in Egypt

Date: ...../...../....

Warm- up Activity

Think and discuss with your partner:

What can people do in one day in Egypt?

buy souvenirs

visit ancient sites

take photos

.....

Activity
Look at this picture and write a paragraph of 50 words about Ras Mohamed National Park:

Lesson 3 Around Egypt

Date: ...../...../....

Warm- up Activity

Discuss with your partner:

What can you see in the picture?

.....

.....

Classroom Performance:

Activity 1 Read the text and answer the questions:

The Nile is the longest river in the world. It is about 6,650 kilometers long. The Nile flows through Egypt from south to north. It goes through the desert and brings life to the country. Many animals live in and near the Nile. Big fish like Nile perch and tilapia swim in the water. Crocodiles live in the river too. They are dangerous animals. Many birds come to the river to drink and find food. You can see kingfishers, herons, and ducks near the Nile. The Nile is very important for Egyptian people. In the past, the river flooded and brought good soil.

A) Read again, then put (T) True or (F) False

1. The Nile is the longest river in the world. ( )
2. The Nile flows from north to east. ( )
3. Crocodiles live in the Nile. ( )

a) blood b) food c) health d) work

2. We should sleep to have……

a) dreams b) rest c) exercises d) fats

B) Answer the following questions:

3. Where is protein found?

……..

4. Why must we have enough sleep?

……..

Lesson 4, 5 A Biography of an Egyptian Hero

Date: ...../...../....

Warm- up Activity

Think and answer

Who's your favorite famous Egyptian person? Why?

.....

Classroom Performance:

Activity 1 Read the following passage and answer the questions below:

We need good food to grow healthy and strong. Scientists who study food are called nutritionists. They say we should eat lots of different vegetables, fruit and nuts. They also advise us to eat lots of grains or food made from grains. Dairy products like milk, cheese and yogurt are good for us. We should eat small amounts of butter or oil. It's advisable to eat some fish, chicken and meat. We shouldn't eat too much sugar or salt. Nutritionists say a variety of food is best. Eating different kinds of food gives your body everything it needs

A) Choose the correct answer from a, b, c, or d:

1. We shouldn't eat too …….. sugar or salt .

a) few b) little c) much d) many)

2. We should eat small amounts of ……..

a) fruit b) butter c) grains d) milk

B)Answer the following questions:

3. Who are nutritionists?

……..

4. What are dairy products?

……..…

Activity 2 Read the following passage and answer the questions below:

Yesterday our family rode camels into the Sahara Desert. It was an amazing journey. It was cold when we left the hotel at half past five in the morning. It was also very dark and it was hard to see camels. A camel driver helped me to climb onto a wooden saddle and then the camels walked into the desert in a line. It was very quiet. Even camels' feet were quiet in the sand. We stopped at the top of a sand dune. The camel drivers made tea for us. We returned to the hotel before it got hot.

A) Choose the correct answer from a, b, c, or d:

1.They left the hotel at ……... .

a) 5:15 b) 4:30 c) 5:50 d) 5:30

2. The …….made tea for them.

a) camel drivers b) waiters c) girls d) women

B) Answer the following questions:

3. Where did the writer's family ride camels? ……..

4. How did camels walk? …….

Homework Performance:

Activity Write an email of 50 words:

Write an email of 50 words to your friend Mostafa to tell him about your visit to the Egyptian Museum. Your name is Ali and your email address is **ali@yahoo.com** and your friend's email address is **mostafa@yahoo.com**
